INSTRUMENTS

Instruction for Scanner Sleeves

Scanner Sleeve

Autoclavable sleeve.

Scanner Glass

Please use gloves to avoid finger print marks on glass.

Step 1:

After sterilization, clean glass with soft cloth until clear.

Step 2:

Slide glass with beveled end pointing forward into sleeve.

Step 3:

Confirm glass is placed all the way to the end of sleeve.

Step 4:

Place sleeve onto wand.

Step 5:

Confirm sleeve is pushed all the way on and flush with wand.

Sleeve should look like this. Now you are ready to scan.

Pull sleeve off and remove glass. Sterilize.

Due to the overwhelming demand onboarding new members from the 2018 AAO, non-members who contact us with questions may experience a delay in our followup time. Doctors ready to sign up, we are still accepting new members. Please visit our testimonials page to see what your colleagues are saying. We appreciate your patience!
